Hi Warren,

Thanks, I will get back to this.

The only reason I can give for the delay was that I had two other applicants expecting decisions prior to Christmas these those applications had entered decision stage earlier than yours.

I do believe I have engineering comments so will see if I can get draft conditions to you this week.

Kind regards

Subject: Decision Notice RAL 21-0138

Hi Emily

My understanding is, that by agreement with Ward, the date for determination of the above application was extended to 13 December 2024.

When the decision notice failed to materialise on the 13th, in appreciation of the cooperation that you have extended to me during the period of my dealings with Council I elected to wait until Christmas break for the Decision Notice to arrive.

Ward has advised today that no further communication between himself and Council has occurred since the 13th and Christmas has come and gone.

I'm sure you would appreciate it is essential that we continue to progress this project, so if you could just update me as what is the reason for the delay so I can then determine what is our most appropriate response.

Thanking you for your assistance

Regards

Warren
