Subject: SARA Advice

Hi Emily

As you know I have been dealing with SARA which eventually led to them providing their advice.

I have held a discussion with Ward, who advises me that we can respond to their advice to the assessment manager, any time up to when the assessment manager makes a decision, in relation to the development application.

Is there any mechanism that I can put in place to pause the assessment while we negotiate with SARA?

I don't think it will take that long, Just I need to clear up some information that isn't making sense to me in their conditions.

Thanks to your advice

Regards

Warren
